

Nxt Gen Institute Presents:

NPTE PREP

Career Starter

Program Description:

The Nxt Gen Institute of Physical Therapy has designed NPTE Prep *Career Starter* specifically to meet the needs of the graduating DPT student. This program couples the top review course for the National Licensure Exam (NPTE Exam) with learning modules and webinars to jump-start your career as a Doctor of Physical Therapy.

Learning Objectives:

Upon completion of this course, the learner will:

- 1.) Participate in a full review of didactic NPTE content with reinforced live webinars through PT Final Exam.
- 2.) Complete two x 200 question practice NPTE exams
- 3.) Complete a DISC profile assessment
- 4.) Participate in leadership development exercises and webinars
- 5.) Understand the concepts of a PT Diagnosis, Writing a Medical Referral, Identify Etiological or Confounding Variables, and Improve Predicting Prognosis.

Why Nxt Gen's NPTE Prep?

- Nxt Gen is a leader in post professional education, transferring the classroom into the clinic with innovation and technology
- We partnered with PT Final Exam for the very best NPTE review, test taking strategies, and practice exams
- Live webinars and discussion boards on NPTE content
- Gain access to didactic content used in residency training
- Interactive case-based discussion boards
- Webinars on PT diagnosis, referring to medicine, and building professional autonomy
- Leadership & communication strategies designed to excel entry level professionals in both patient care and in your career

Start of Program:

- New Cohorts begin every 3 months well before Scheduled NPTE Testing
Dates: Check for cohort dates

Length of Program:

- Entire Program is 12 Weeks

Learning Platform

- Nxt Gen Institute is proud to share NPTE Prep on our Office 365 LMS
 - This is the first cloud based LMS to integrate all of the Office 365 apps familiar to all of us like Microsoft Word, Power Point, and Excel, with email, Skype meetings joined through the calendar, SharePoint to get news feeds and quick links to the Learning Portal and Yammer Discussion Board.
 - Summed up... truly integrated in every possible way for the learner.
